

WAX RECOMMENDATION

Spokane Pursuit / JOQ

Mt. Spokane Nordic Trails, Spokane, WA

Sunday, February 21

10 A.M.

5K/10K Skate

Individual Start

Forecast/Conditions: Saturday overnight low in the upper 20s.
Temp at start 30, sunny. Snow is granular.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red/Yellow mixed 1:1, scrape and brush. Finish by rotocorking JetStream Yellow, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A structure such as Nordic Ultratune D5, LJ03 or one pass with the fine-linear wheel of a TOKO structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
