

WAX RECOMMENDATION

Jente Loppet

Hyak/Iron Horse Trail, Snoqualmie Pass, WA

Sunday, January 22

10 A.M.

10K/5K/2.5K Skate

Mass start

2.5K laps

www.snoqualmienordic.org/events/jente-loppet-2012

Forecast/Conditions: Lots of new snow! Saturday night low around 27 and snow likely. Temperature at start 28 and likely snowing.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red/HF Yellow mixed 1:1, scrape and brush. Finish by rotocorking JetStream Yellow, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: Universal grind similar to Nordic Ultratune i5 or one pass with the Red Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
