

WAX RECOMMENDATION

Par Fore the Course

Mt Bachelor, OR

Saturday December 15

5K or 10K Free

Race Start 10AM

5K loops, individual start, expect 100+ skiers

*TOKO Wax Clinic, Sunnyside Sports,
Bend, OR. Friday Dec 14, 7PM*

Forecast/Conditions: Friday night low 21F, 80% chance snow
Saturday high 28F, snow likely.

Glidewax: Apply LF Moly scrape and brush, then apply HF Red, scrape and brush. Finish by applying HeIX Cold, allow to dry, then polish with a thermopad.

Gripwax: NA

Structure: A universal cross structure will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HeIX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
