

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## **Smartwool Wasatch Citizens Series #4**

Soldier Hollow, Midway, UT

Saturday, February 2, 2010

10 A.M.

10K Skate

Wave start

Forecast/Conditions: Overnight low 18F, temperature at start 25, high for the day 36. Manmade transformed snow base, expect new snow throughout the week and Friday night, with possible snow Saturday. Old and new snow should be well mixed due to the grooming. Overcast throughout Saturday.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: N/A.

Structure: A fine linear structure covered by one pass with the Toko Red Structurite wheel (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
