

WAX RECOMMENDATION

Sacagawea Classic

Bohart Ranch, Bozeman, MT

Saturday, February 20

1K/6K/14K/28K Classic

8:45 A.M. 1K Kids race

9 A.M. 6K Junior & Recreational

10 A.M. 28K/14K Men's & Women's Race

Forecast/Conditions: Friday night, a chance of snow showers (1" to 2" possible). Mostly cloudy, low around 10. Saturday, a chance of snow showers. Mostly cloudy. Expect race time temperature in the mid to upper teens. Bohart snow tends to be relatively dry.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue/HF Red mix 1:1, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: Roughen base with 150 grit sandpaper, iron in Carbon BaseWax Green, cork smooth, let cool. Then apply 5-7 layers of Carbon GripWax Blue, corking smooth between layers. Check TOKO easel prior to race start for updated recommendation.

Structure: A fine linear structure covered by one pass with the fine-linear wheel of a TOKO structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
