

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## **Smartwool Wasatch Citizen Series Race #5**

White Pine Touring Center at The Farm, Park City, UT

Saturday, February 27

10 A.M.

21K Skate

Wave starts

3 laps on a 7K loop

Forecast/Conditions: Overnight low 23 degrees, temperature at start 28 degrees. Saturday high of 39. Expect old partially transformed snow mixed with new snow. Cloudy skies.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: NA

Structure: A fine linear structure covered by one pass with the BLUE (linear) wheel of a TOKO structurite tool (before JetStream application) will best suit these conditions.

**Racing - Service**

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
