

WAX RECOMMENDATION **TOKO**[®]

Bogus Basin Junior Olympic Qualifier

Bogus Basin Nordic Center, 16 mi. north of Boise, ID

Saturday, February 13

9 A.M.

1K/2K/3K/5K/10K/15K Skate

Interval Starts

Forecast/Conditions: Friday night low of 29 with 50 percent chance of rain/snow mix. Saturday high of 37, partly sunny.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Yellow, scrape and brush. Finish by rotocorking JetStream Yellow, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A med/coarse universal structure covered by two passes with the Yellow wheel of a Toko Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
