

WAX RECOMMENDATION

Bozeman SuperTour -- Saturday

Lindley Park, Bozeman, MT

Saturday, Dec. 5

9 A.M. Qualifiers, Noon Heats

1.2K Freestyle Sprint

Forecast/Conditions: Friday overnight low 5F; Saturday's high 15, new snow expected. Start time temperature around 9 to low teens with a good track condition; anticipate dry abrasive snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Gripwax: n/a

Structure: A fine linear structure will best suit these conditions.

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in.
