

WAX RECOMMENDATION

TOKO[®]

Smartwool Wasatch Citizens Series #2

Soldier Hollow, Midway, UT

Saturday, December 31

10 A.M.

10K Skate

Wave Start

3 laps of a 3.3K loop

<http://www.utahnordic.com/node/1998>

Forecast/Conditions: Overnight low of 20, temperature at start around 32 with a high of 41. Expect manmade snow, partly sunny, with a 20 percent chance of snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Red, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A fine linear structure covered by one pass with the Red Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
