

# WAX RECOMMENDATION

## Spud Chase

Teton Springs Golf Course, Victor, ID

Saturday, January 28

10 A.M. 2K Kids' race

11 A.M. 16K/8K Adult race

Skate, Mass Start

[www.peakedsports.com](http://www.peakedsports.com)

Forecast/Conditions: Overnight low to 10 F. Saturday sunny with a high in the 20s. Expect dry packed powder and colder snow.

Glidewax: Apply LF Moly, scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Blue, brush with a dedicated nylon polishing brush and polish with a thermopad.

Structure: A fine linear structure covered by one pass with the Blue Structurite tool (before JetStream application) will best suit these conditions.

**Racing - Service**

Check the WaxTip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to [www.TokoVideos.com](http://www.TokoVideos.com).
