

WAX RECOMMENDATION

Winterstart Race

Galena Trail System, Ketchum, ID

Sunday, December 11

11 A.M.

5.5K Skate

Start in waves of 4 people

1 Lap

<http://svsef.org>

Forecast/Conditions: Saturday night low of 9 degrees and partly cloudy. Sunday partly sunny with slight chance of snow. Start temperature in the low 20s warming to high of 30.

Glidewax: Apply mix of LF Moly/LF Blue mixed 1:1, scrape and brush. Then apply HF Blue, scrape and brush. Finish by rotocorking Jetstream Blue, brush with a dedicated polishing brush and polish with a thermopad.

Gripwax: N/A

Structure: A fine linear structure covered by one pass with the Blue Structurite tool (before JetStream application) will best suit these conditions.

Racing - Service

Check the WaxTip page at www.TokoUS.com before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes, skip the Fluorocarbon (JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red or Blue). For those who do not have a rotocork for applying JetStream, the next best thing is to iron it in. To see optimal application procedures for both Glidewax and Gripwax, go to www.TokoVideos.com.
