

WAX RECOMMENDATION **TOKO**[®]

Wasatch Citizens Series

Mt Dell, Salt Lake City, UT

Saturday January 26

10K Classic

Race Start 10AM

2 laps, Mass Start

Forecast/Conditions: Overnight low in the mid teens with high on Saturday about 32. Probably mid to upper 20's at race time. New snow in the forecast Thursday and Friday, but minor accumulations.

Glidewax: Apply LF Moly scrape and brush, then apply HF Blue/HF Red, mixed 1:1, scrape and brush. Finish by rotocorking JetStream Moly, brushing with a dedicated nylon polishing brush, and finally, polish with a thermopad.

Gripwax: Roughen kick zone with 180 grit sandpaper, and iron in TOKO base Green Binder. Cover with TOKO Carbon Gripwax Viola. See Toko easel at race site for current information.

Structure: A fine structure will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information.

The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HeIX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
