

WAX RECOMMENDATION **TOKO**[®]

Ozone Pursuit

Seeley Lake XC Ski Trails, Seeley, MT

Sunday January 6

7K Classic, 7K Skate

Race Start 11AM

10 minute rest between events

Forecast/Conditions: Saturday night low of 15F with a chance of snow showers. Sunday temps near 33F.

Glidewax: Apply LF Moly scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Moly, polishing well with a dedicated nylon polishing brush, and finally, buff with a thermopad.

Gripwax: Roughen base with 180 grit sandpaper, and iron in TOKO Base Wax Green. Cover with Carbon Gripwax Red. Toko representatives will be onsite to test kick wax.

Structure: A universal structure will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information.

The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (Helix, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
