

WAX RECOMMENDATION **TOKO**[®]

TUNA Championships

"The Farm," Park City, UT

Saturday February 16

20K Skate, Mass Start

Race Start 10AM Kids, 10:20 All others

3 Lap Course

Park at St Mary's Church

Forecast/Conditions: Saturday night low of 12F. High Saturday of 39. Snow will start out cold, but will get skied in and a bit warmer, as the race progresses.

Glidewax: Apply LF Moly scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Moly, brushing with a dedicated nylon polishing brush, and finally, polish with a thermopad.

Gripwax: NA

Structure: A cold universal structure will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information.

The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HelX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
