

WAX RECOMMENDATION **TOKO**[®]

The Ranch Race

Jug Mountain Ranch, 7mi South of McCall, ID

Saturday February 9

1.5/3/20K Skate

Race Start 11AM

Forecast/Conditions: Friday night low of 17F with 30% chance of snow. Sat high of 33F partly cloudy.

Glidewax: Apply LF Moly scrape and brush, then apply HF Red, scrape and brush. Finish by rotocorking JetStream Moly, brushing with a dedicated nylon polishing brush, and finally, polish with a thermopad.

Gripwax: NA.

Structure: A med-fine structure on SOFT skis will best suit these conditions.

Racing - Service

Check the Waxtip page at www.TokoUS.com before all of your races for the latest waxing information.

The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (HeIX, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
