

# WAX RECOMMENDATION **TOKO**<sup>®</sup>

## **Moose Chase**

Jackson, WY

Saturday February 9

25K Skate

Race Start 10AM

Mass Start

Forecast/Conditions: Expect packed, dry, cold new snow. Low Friday night of 10F. High Saturday 27F. Chance of snow flurries during race. Expect two loops.

Glidewax: Apply LF Moly/LF Blue scrape and brush, then apply HF Blue, scrape and brush. Finish by rotocorking JetStream Moly, brushing with a dedicated nylon polishing brush, and finally, polish with a thermopad.

Gripwax: NA

Structure: A fine structure will best suit these conditions.

**Racing - Service**

---

Check the Waxtip page at [www.TokoUS.com](http://www.TokoUS.com) before all of your races for the latest waxing information. The Toko Race Wax Tips offer racers precise waxing advice on how to make your skis perform optimally for a given event. For racers who don't have top end waxes available, skip the Fluorocarbon (Helix, JetStream) and substitute the LF or System 3 wax of the same color (Yellow, Red, Blue). Additionally, for those who do not have a rotocork (for applying JetStream), this step can be replaced by vigorously corking with a dedicated Plasto Cork at the expense of durability.
